Industry-Ready Skill-Based & Value-Added Certifications

MITSDE enhances employability through Skill-Based and Value-Added Certifications offered via MITSDE Bootcamp and MITSDE LABS. These industry-focused programs equip learners with practical skills, emerging technologies, and hands-on experience using industry-standard tools at no additional cost.

MITSDE Bootcamp

The MITSDE Bootcamp is an immersive, application-driven program in Business Analytics and Digital Marketing. Through live, expert-led sessions, learners build technical competency in tools such as Advanced Excel, SQL, Power BI, R, Python, Tableau, and SAS, with a focus on practical application, problem-solving, and workplace readiness.

Value-Added Certifications

Designed to develop technical and analytical competencies through structured, hands-on learning.

- CPEA – Certified Professional Excel Analyst
- CPDA – Certified Professional Data Analyst
- CPDSA – Certified Professional Data Science Analyst
- CPQBA – Certified Professional Quantitative Business Analyst
- CDME – Certificate in Digital Marketing Essentials
- CDMA – Certificate in Digital Marketing Applications

labs MITSDE LABS

MITSDE LABS is an immersive, experiential learning initiative that transforms theory into practice. Through expert-led workshops, interactive case studies, and hands-on activities, learners develop practical skills, strengthen critical thinking, and gain the confidence to apply their knowledge effectively in real-world business environments.

Skill-Based Workshops

Learners can further strengthen their domain expertise through specialized certification programs, including:

- Oracle Primavera
- Agile Project Management
- Microsoft Project & Jira
- Operations Research
- Achieving Supply Chain Integration
- Supply Chain Analytics
- Emerging Trends in SCM and Logistics
- Global Logistics & SCM
- Lean Six Sigma
- Fundamentals of Investment
- HR Analytics
- Security Analysis and Portfolio Management
- Cybersecurity and Risk Management
- Marketing Analytics Mastery
- FinTech and Digital Banking
- Social Media, Content & Influencer Marketing
- Social Media Analytics & Future Intelligence
- Managerial Communication

MITSDE Offerings

At MITSDE, learning goes beyond the classroom. Our ecosystem of career services, industry-led sessions, and hands-on training ensures every learner gains practical skills and real workplace readiness.

Learner Testimonials

Deepak Machhindra Yewale

PGDM Ex. In Construction and Project Management
Cohort 12 | Enrolled: August 2025

I'm pursuing the Construction & Project Management program at MITSDE, and it has been a great learning experience. The course is practical, well-structured, and covers key areas like project planning, construction management, contracts, and costing. The flexible format makes it ideal for working professionals.

Pradeep Ramesh Pillai

PGDM Ex. In Banking & Financial Services
Cohort 14 | Enrolled: January 2026

My experience pursuing the Distance Learning PGDM Executive at MITSDE has been excellent. The program is well-structured, flexible, and ideal for working professionals. Its practical curriculum has strengthened my skills, boosted my confidence, and supported my professional growth while allowing me to continue working.

Soham Dharmendra Dhure

PGDM In Construction and Project Management
Cohort 07 | Enrolled: November 2025

My experience pursuing the PGDM in Construction & Project Management at MITSDE has been excellent. The flexible learning format, comprehensive study material, and industry-relevant curriculum helped me enhance my technical and project management skills while continuing my career. I highly recommend MITSDE to working professionals.

Sakshi Bhau Gadge

PGDM In Finance Management
Cohort 12 | Enrolled: December 2025

I had a very good experience here. The staff and teachers are very supportive, helpful, and friendly. They guide students well and patiently resolve every doubt. The environment is positive and comfortable for learning. I truly appreciate their efforts and support.
