Campaign Creatives

1. We used the above creatives to run the Google Display & Remarketing Ads this week
2. The objective of using multiple creatives was to check the user engagement on the creatives and take the learnings forward to design better creatives which can bring more clicks.

Learnings from the Campaign

- We are getting good attraction from the TG for posts with respect to design principles.

- We are running the Facebook campaign for one of the targeting to reach out to the audience which show interest in the competitors of Avantika University, this campaign is working for us.

- We should present the posts related to problems with respect to design thinking in a better way to bring more engagement.

avantika UNIVERSITY
